

50 031 oxgall

product name:

- Oxgall.

contains:

- Oxgall, water.

basic information:

- Wetting agent for water-colours and gouache colours; improves flow on surfaces which are difficult to wet with water.

characteristics:

- Liquid
- natural product.

handling:

- Shake well before use.
- Oxgall is water-mixable.
- Dilute the product with a little water and mix it into the water-colours separately on a palette. (Use sparingly!).
- Please clean working tools as soon as possible with water or water and soap.
- Dissolved oxgall tends to flocculate during a long period of storage; this has no influence on the product's handling.
- The product also "degreases" undercoats such as lacquered palettes of painting boxes.
- Close immediately after use.
- Store in a cool and dry place.
- Individual pre-tests are required (see footer).

product labeling:

- Please refer to the individual safety data sheet on our website www.schmincke.de.
