

## 50 517 oil primer / underpainting white

### product name:

- Oil primer / underpainting white.

### ingredients:

- Linseed oil, titanium white, lithopone.

### basic information:

- Oil colour for lower layers in oil paintings.

### characteristics:

- Warm white
- semi opaque
- quick drying.

### handling:

- Shake well and stir – if necessary – before use.
- *Oil primer / underpainting white* is the ideal white for lower layers in oil paintings. It minimizes cracking of coloured shades in upper layers.
- In contrast to other Schmincke white oil colours the product is produced with linseed oil and shows the tendency to yellow. Therefore it is not suitable for pure use or as mixing white.
- Please use only on grounds which are properly prepared for oil painting, for example with *Schmincke primer 1, strongly absorbent 50512* or *Schmincke primer 2, slightly absorbent 50514*.
- *Oil primer / underpainting white* is ready to use and should be applied in thin layers.
- Like other oil colours, this product dries in a complex physical-chemical process with oxygen and gets non-soluble in turpentine or turpentine substitute.
- The product is dilutable with *oil of turpentine 50024 / 50102, turpentine substitute 50019, diluent N 50026, terpin 50023* and *citrus terpin 50013*.
- Please clean tools like brushes or palettes as soon as possible with e.g. *oil of turpentine 50024 / 50102, turpentine substitute 50019* or *brush cleaner 50051 / 50052*.
- *Oil primer / underpainting white* can also be tinted with other oil colours.
- Please also remember the rule „fat over lean“ which is very important if painting in oil.
- If working with other Schmincke mediums for oil painting please follow the individual dosage for those products!
- For varnishing pictures being painted with *oil primer / underpainting white* please wait for minimum 8 to 12 months.
- Close immediately after use.
- Store in a cool and dry place.
- Individual pre-tests are required (see footer).

### product labeling:

- Please refer to the individual safety data sheet on our website [www.schmincke.de](http://www.schmincke.de).
