

50 902 LINO glaze

product name:

- LINO glaze.

contains:

- Gum arabic, additives, water.

basic information:

- Medium for linoprint colours to increase gloss.

characteristics:

- increases transparency
- retards drying.

handling:

- *LINO glaze* is ready to use and should be used undiluted.
- To be used in mixtures with Schmincke linoprint colours.
- The mixing ratio medium to linoprint colour should be at least 1 part medium to 5 parts of linoprint colour. The effect rises with the amount of medium and the darkness of the linoprint colour.
- The product is water mixable, but remains water-soluble like Schmincke linoprint colours.
- Please clean working tools as soon as possible with water or water and *LINO CLEAN 50903*.
- Close immediately after use.
- Store in a cool and dry place.
- Protect from frost.
- Individual pre-tests are required (see footer).

product labeling:

- Please refer to the individual safety data sheet on our website www.schmincke.de.
