

## 50 903 LINO CLEAN

product name:

- LINO CLEAN.

ingredients:

- Water, alcohols, additives, surface-active agents.

basic information:

- Highly effective cleaning agent for Schmincke linoprint colours.

characteristics:

- For removing dried-on colours residues also from very dirty rubber rollers
- biodegradable.

handling:

- For cleaning printing equipment such as printing blocks, printing rollers and brushes.
- *LINO CLEAN* is ready to use, but can be diluted with water if necessary. The addition of water reduces the cleaning force.
- Printing tools should not rest unnecessarily long in cleaner.
- Submerge brushes only to the ferrule – in accordance to the used lacquers the product might also solve the varnish of the brush handle.
- All printing tools should be cleaned thoroughly with water after being treated with LINO CLEAN.
- Close immediately after use.
- Store in a cool and dry place.
- Individual pre-tests are required (see footer).

product labeling:

- Please refer to the individual safety data sheet on our website [www.schmincke.de](http://www.schmincke.de).
